

# DIY MINERAL SUNSCREEN

## SPF 30

### INGREDIENT

Shea Butter  
Cocoa Butter  
Coconut Oil  
Olive Oil  
Vitamin E Oil  
Zinc Oxide

### AMOUNT

1/4 cup + 2 tbsp  
1/4 cup  
2 tbsp  
2 tbsp  
2 tbsp  
1/4 cup

In a double broiler melt the shea butter and cocoa butter. After it's melted, stir in the other oils. Let it cool for 2-3 minutes and then stir in the zinc oxide making sure not to inhale it. Let the mixture set up overnight and in the morning you'll have a very nourishing sunscreen! It's almost the texture of a body butter.
